

Drawing and Painting I

Sketch Book Assignments - Due every Monday!

You need to do at least one sketch per week in your sketchbook. This should take between 45 and 60 minutes to do because the purpose of a sketchbook is to make you look harder at things, use your imagination, explore ideas and techniques that interest, challenge, and stimulate you. You will find that practice does indeed pay off and your confidence in your abilities will increase proportionally to the amount of effort and care you put into your work. Full shading is expected, as are details.

Use of colored pencils or other materials like pen and ink or your own favorites are fine ☺ this is your place to experiment and grow! Remember- you are only limited by your own imagination
